- The 112 emergency response support system has been integrated with the 181 women's helpline in 33 states and union territories.
- Approximately 44.64 lakh users have downloaded the 112 India app.
- 112 have been commissioned in all 36 states and union territories.

Empowerment of Delhi Police

Under the Safe Cities Project, eight cities (Delhi, Kolkata, Mumbai, Chennai, Hyderabad, Bengaluru, Ahmedabad, and Lucknow) were approved.

Installing smart lighting systems in dark alleys and crime hotspots

This includes the use of surveillance, including the installation of CCTV cameras, to alert the police.

She Toilets/Pink Toiletswere installed.

A total of ₹1,694.72 crore has been disbursed to the respective States/UTs.

Interoperable Criminal Justice System (CCTNS)

- CCTNS is now deployed in all police stations across the country (17,189 police stations).
- Providing national-level access to law enforcement officials.
- CCTNS contains approximately 348.1 million crime records, including 92.7 million FIRs and 69.7 million chargesheets/final reports.
- All states/union territories have launched their citizen service portals on CCTNS.
- 502.4 million requests have been processed so far.
- **Women-friendly and accessible police stations:** 14,658 WHDs are already operational.
- **Establishment of anti-human trafficking units in districts:** 788 AHTUs are operational across the country.
- Investigation of human trafficking cases by the NIA.
- Strengthening science laboratories.
- **Distribution of sexual assault evidence collection kits:** 18,020 sexual assault evidence kits distributed.
- **Evidence collection training:** 28,539 officers trained.
- **ITSSO system:** The ITSSO compliance rate has increased from 43% in 2018 to 61.80% by 2025 (as of May 26, 2025). The overall disposal rate since inception is 93.20%.
- **National Database of Sexual Offenders (NDSO) database:** Contains data on over 20.61 lakh sexual offenders.
- State-of-the-art DNA Analysis Center
- National Automated Fingerprint Identification System Total NAFIS database size – 1,13,82,65088.38
- crore searches have been conducted on the ICJS national database so far.
- 41,283 antecedents verification requests have been processed on the National Crime Records Check (NCRC) portal.

The Criminal Law (Amendment) Act, 2018

Enacted to prescribe more stringent penal provisions, including death penalty, for rape of girls below 12 years of age

Order to complete investigation and filing of charge sheet in rape cases within 2 months and completion of trial within 2 months

New Central Citizen Services

Three new central citizen services have been launched by the National Crime Records Bureau on the digitalpolicecitizenservice.gov.in portal.

To date, 6,897,223 logins have been recorded. These services include those related to women's safety:

- The Missing Persons Search Service allows citizens to search online for their missing relatives from the national database of recovered unidentified persons/unidentified bodies. 57,536 searches have been conducted.
- Service with information on proclaimed offenders: 150991 vigilant citizens have used the information on criminals.
